DEATH AND DESTRUCTION.

Wreck of Oil Trains Takes Fire from an Explosion.

Two Men Killed and Great Damage Done.

MASSILLON, Ohio, March 3. An oil tank on the Fort Wayne train exploded at Lakeville early this morning. The train stopped and another train following close behind crashed into it, causing a terrible wreck which took fire and burned up. Engineer Cowell, Fireman Gathehouse and Brakeman M[illegible]ler were killed and eighteen cars burned. The heat was so great that the engine bell was melted and the ties for 1300 feet consumed. Gathehouse's body has not been found and it is feared it was cremated in the ruins.

POLICE RAID.

A Finely Furnished Opium Den.

Fourteen Young People Arrested.

NEW YORK, March 3. A richly furnished opium joint on Seventh avenue was raided last night by the police. The rooms were occupied by Nathaniel Ackerman and wife about two weeks ago. There was something mysterious about their movements, they being rarely seen out but receiving a great many callers, both men and women. The appearance of the visitors indicated respectability and refinement, especially with regard to the women who were all handsomely dressed.

The visitors came at all hours of the night but always deported themselves so quietly that the suspicions of the other occupants of the building were not aroused until they noticed a strong, heavy

STRANGE STORY

European Syndicate Trying to Control the World's Fair

CHICAGO, March 3. The News of this morning says: Strange as the proposition may seem, rumor has it that an English or European syndicate has in view the obtaining of the control of the World's Fair, for the profit there may be in it. Baron Edward Rothschild is said to be in this country to make a preliminary survey of the ground. It was with the presumption that New York would get the fair that this scion of the house of Rothschild sailed from England, and on this presumption the syndicate had reckoned for success. Though the difficulty of obtaining control of the fair has been immensely increased by its location at Chicago the Baron has not given up the alleged purpose of his visit.

NEW HAMPSHIRE.

Still Raiding the Liquor Dealers.

NASHUA, March 3. Deputy Sheriff Eaton and City Marshal Tolles continued the work of serving warrants this morning according to the plan of Governor Goodell. It is understood that several owners of property will be brought before the court under the nuisance act. The action of the officers causes considerable comment.

EMOTIONAL INSANITY.

Three Victims of the Christian Science Delusion.

BLOOMINGTON, Ill., March 3. Mrs. Mollie Smith and her two sisters, Julia and Emma Barnes, three prominent and highly respected young ladies of Saybrook are suffering from the wildest and most affecting emotional insanity upon the question of Christian Science. They have recently been attending meetings held by so called faith workers and their minds have given away entirely.

WHITE AND COLORED PASSENGERS.

Mississippi Law Declared Valid.

WASHINGTON, March 3. The Supreme Court of the United States to-day rendered a decision in the case of the Louisville, New Orleans and Texas Railway Company against the State of Mississippi, involving the validity of the Mississippi State law requiring all railroads operating within that State to provide separate compartments or cars for white and colored passengers. The question at issue was whether the law was in regulation of interstate commerce and therefore beyond the power of the State. The Supreme Court of Mississippi [illegible]
